CRUIKSHANK, COLONEL J W < Royal Air Force, (Loft) > November 1918 (030)

November 15th, 1918

Colonel Cruickshank,

Royal Air Force,

University of Toronto.

Dear Colonel Cruickshank:

Professor Angus has told me that C. S. Laing who is an attendant in the Thermodynamics Building has been doing a good deal of extra work on account of the use of the building by the Air Force. Do you think it would be possible to give him a small honorarium on account of this extra work ? If so, I would suggest seventy-five or one hundred dollars.

Yours sincerely,

President.
